

How to Become an Old, Bold Pilot

Dr. Corfman will review and suggest a variety of things we can do to keep ourselves flying into our later years. Special emphasis is given to lifestyle and medical conditions which need to be taken seriously. Time permitting, Dr. Corfman will discuss common problems pilots have in successfully completing the second and third class medical examinations.

Directions: Free parking is available in both the general aviation parking lot adjacent to St. Cloud Aviation and also in the airport terminal parking lot. The event will be held in the St. Cloud airport terminal.
